Report on the Webinar: "Employment and Business Opportunities for Marathi Language Students"

Date: August 31, 2021

Platform: Online Webinar

The Department of Marathi at Nanasaheb Y. N. Chavan College, Chalisgaon, organized a webinar on "Employment and Business Opportunities for Marathi Language Students." The session aimed to provide insights into the career avenues and entrepreneurial opportunities available to students studying Marathi language and literature. The event also emphasized the importance of research methodology in academic pursuits.

The webinar was inaugurated by **Dr. M. S. Pagare**, Head of the Marathi Department at Kavayitri Bahinabai Chaudhari North Maharashtra University (KBCNMU), Jalgaon. In his address, Dr. Pagare highlighted the growing importance of Marathi in various professional fields, from media and publishing to public administration and translation services. He also emphasized the need for students to equip themselves with additional skills like content writing and digital media expertise to enhance their employability.

The **resource person** for the session was **Dr. Prabhakar Desai**, Head of the Marathi Department at SSPU University, Pune. Dr. Desai provided an in-depth exploration of the employment landscape for Marathi graduates, pointing out opportunities in teaching, research, journalism, and the publishing industry. He also discussed how businesses increasingly need professionals with proficiency in regional languages like Marathi for roles in customer service, communication, and regional marketing.

Vasudev Vale, Principal of SSMM College, Pachora, served as the **chairperson** of the session. He shared his thoughts on the changing educational environment and how students of Marathi language can carve out a niche for themselves in today's economy. He also stressed the importance of self-employment through ventures like publishing Marathi books, blogs, or digital content.

The webinar was conducted by **K. P. Rameshwarkar**, Head of the Marathi Department at Nanasaheb Y. N. Chavan College, Chalisgaon. He managed the flow of the event and introduced the speakers, ensuring a smooth and engaging discussion.

A significant highlight of the webinar was its focus on **research methodology**, which was particularly relevant for students pursuing higher education in the Marathi language. Both Dr. Pagare and Dr. Desai discussed the essential steps involved in conducting academic research, from formulating research questions to designing a proper methodology. They also provided tips on how students can develop effective thesis topics related to Marathi literature, culture, or linguistics.

The speakers encouraged students to embrace the interdisciplinary nature of modern research, combining elements of social science, humanities, and even digital technology, to make their work more impactful and relevant. They underscored the importance of good research for career advancement, especially in academic and literary fields.

The webinar successfully enlightened students about the vast range of **employment and business opportunities** available to those with a background in Marathi language studies.

By integrating career advice with academic guidance on research methodologies, the session equipped students with practical knowledge and a clearer direction for their futures.
